Hi George,

Attached, please find several power point presentations I found regarding Merrimack Station. I'll look for Russell and Canal.

Sharon,

Let me know if John had one from earlier – I will take a look at Russell – had you done one for Mirant Canal ?

Thanks

The last Merrimack briefing I gave was in regards to FGD – so it was very specific. You are welcome to it but I'm not certain it would be helpful for Pilgrim. JPK may have done a Merrimack briefing though – I'll check Q:groups. The last briefing before that was Russell Biomass – if you would like that one – but it isn't on the same scale as Pilgrim. Let me know.

Hi George,

Are you looking for a briefing paper or power point presentation?

Hi Sharon,

Damien mentioned that you may have a good template on past mgmt. briefings for power plants, such as for Merrimack Station. I need to get something together for Pilgrim – please pass one along when you can, thanks – enjoy your weekend.
